

Second Pacific Trade Invest New Zealand Business Intel Survey Quarter 4 – 2018

Pacific Trade Invest (PTI) New Zealand is pleased to announce the second PTI NZ Business Intel Survey focusing on key economic themes of interest to Pacific businesses. This survey is for the final quarter of 2018. The first survey, published in October, was for the July-September quarter, 2018.

The quarterly survey gauges activity across the Pacific Islands Forum countries with feedback received from a range of business stakeholders around the region each quarter.

The aim of the survey is to help inform businesses and policy makers on economic trends by providing timely gauges of economic momentum and expectations for growth, employment and investment going forward.

The PTI Business Intel Survey is a partnership between PTI NZ and Bagrie Economics, which has extensive market experience and provides regular, reliable intelligence and insight independent of any financial organisation.

Pacific Trade Invest (PTI) is the economic development agency of the Pacific Islands Forum Secretariat, engaged in trade and investment promotion in Pacific Island Forum countries including Cook Islands, Federated States of Micronesia, Fiji, French Polynesia, Kiribati, Marshall Islands, Nauru, New Caledonia, Niue, Palau, Papua New Guinea, Samoa, Solomon Islands, Tonga, Tuvalu and Vanuatu, with offices in New Zealand, Australia, China, Japan and Switzerland.
